Wilcox Oil. Hi Lance, I just spoke with Helen Neuman, and she REALLY needs to get this bill from the State of Delaware for \$30 which has been obligated for Wilcox Oil, but not billed. This needs to be done immediately to meet the end of year deadline for commitments, which I believe is Sept. 16. This is the only one they show as outstanding at this time. Anything you can do, or anyone you can contact would be greatly appreciated.

Thanks

Cynthia Brown
